March 2025

Surface Dressing Programme 2025
Exmouth Division

Stony Lane, Woodbury Parish

I wanted to keep you updated on our forthcoming surface dressing programme in Exmouth Division. Surface dressing is typically carried out during dry, warm weather to ensure the best results. This method is quick and cost-effective, causing minimal disruption to traffic while extending the life of the road.

Devon Highways and Kiely's are making great progress with these essential works and barring any engineering difficulties, we expect to be finished by Autumn 2025. Works will start with the removal of "cats eyes" from the middle of the carriageway if needed. Traffic Management and advanced signs will be in place and motorists are advised to allow extra time for travel.

The dates programmed for the works are provisional within a window of five days as highlighted on the Causeway one.network, although works will only take a few hours.

Further information on our work is outlined in the enclosed leaflet. If you would like to receive a copy of this letter in large text, in Braille or another language, please let us know and we will do our best to meet your request.

Our customer service team is also ready to take your call if you have any questions about our work. You can contact them on 0800 123 4567 or by enquiries@kielys.co.uk

Yours sincerely

Caroline
