WOODBURY PARISH COUNCIL

COOMBE SOLAR FARM COMMUNITY FUND

The Parish Council considers applications for grants from the Coombe Solar Farm Community Fund on an Annual basis.

Applications should meet the following criteria:

Environmental or Community projects or Initiatives within the Area of Benefit that are consistent with the principles of sustainable development, including but not limited to:

(a) contributions to grass roots community voluntary groups for the promotion and installation of energy efficiency measures;
(b) contributions to small-scale renewable energy projects and education thereon;
(c) building, or landscaping projects;
(d) projects encouraging physical recreation or the promotion of well-being and good health;
(e) other projects involving renewable energy, climate change and nature conservation which enhance the public realm through planting or other improvement creating and delivering outcomes for the benefit of the wider community;
(f) construction, repair and/or renovation of play areas;
(g) defraying the costs of administering the Agreement including staffing costs.

Purposes relating to promoting religious or political objectives and initiatives adverse to renewable energy or to the Developer or any Group Company or adverse to the Project or the Site shall not be acceptable Fund Purposes.

Application Forms may be downloaded from the Parish Council website:
