# PUBLIC CONSULTATION

## WEDNESDAY 31ST JANUARY 2024

## 2PM- 4PM

## EXTON VILLAGE HALL, EXETER, EX3 0PS

Devon Communities Together

helping communities help themselves

# JOIN US TO FIND OUT HOW TO PREPARE A COMMUNITY EMERGENCY PLAN FOR EXTON

- A Community Emergency Plan (CEP) identifies local resources available and sets out a structure to follow in the response to an incident such as severe weather or flooding that might isolate a community.
- There may be circumstances where the emergency services are not able to respond immediately.
- There may be preventative or mitigating measures that could be taken to avoid or reduce the severity of an event.
- After an event, people need help to recover.

**No need to book, just come along on the day. FREE refreshments provided**

*Devon Community Resilience Forum encourages communities to help themselves and to prepare a local plan. Devon Communities Together supports local groups with advice, training and funding.*
